

GROW WITH SYNCRUDE

► Our new heavy equipment operator program trains you for the only career you'll ever want.

Heavy equipment operators drive and operate many different types of equipment including: heavy hauler trucks, crawler dozers, graders, hydraulic and electric shovels, as well as other heavy equipment up to 400 tons.

This is a competitive program, with 16 seats available, and tuition is covered by Syncrude for successful applicants.

Classroom training consists of two weeks in Fort McMurray, followed by fully paid, hands-on field training by Syncrude.

The program includes:

- Standard First Aid - CPR A & AED
- CSTS & WHMIS
- Fire Extinguisher Training
- (CSO) Common Safety Orientation

Applications requirements include:

- Proof of residency for Regional Municipality of Wood Buffalo (RMWB)
- High School Diploma or GED
- Current Resume
- Career Investigation Report (2 interviews)
- Class 5, Non-GDL, Alberta Driver's Licence with RMWB Address
- Online Assessments (ESG)
- Successfully pass drug, alcohol and fitness testing
- Test of Workplace Essential Skills

Limited seats available, visit womenbuildingfutures.com for the application deadline and class start dates.
